Source: Bureau of Labor Statistics May 2019 OES Survey, Columbia Metropolitan Area, SC

Footnotes:

- (1) Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately. Estimates do not include self-employed workers.
  - (2) Annual wages have been calculated by multiplying the hourly mean wage by 2080 hours; where an hourly mean wage is not published the annual wage has been directly calculated from the reported survey data.
  - (3) The relative standard error (RSE) is a measure of the reliability of a survey statistic. The smaller the relative standard error the more precise the estimate.
  - (4) Wages for some occupations that do not generally work year-round full time are reported either as hourly wages or annual salaries depending on how they are typically paid. These wages are shown as an asterisk (\*).
  - (5) Wages equal to or greater than \$100.00 per hour or \$208,000 per year are shown as a pound sign (#).
  - (6) Estimates not released are shown as a double asterisk (\*\*).
  - (7) Entry level wage shown is the 10th percentile; experienced wage shown is the 90th percentile.
