

**McClam & Associates, Inc. is a licensed and bonded contractor offering over 40 years of experience in construction. Our site development and utility construction operations are centrally located in Little Mountain, SC, just outside of Columbia. We have headquarters in South Carolina, but hold licenses in both North and South Carolina, as well as in Georgia.**

**We have experience in the public, private, and government arenas which enhance our ability to perform in a variety of contract capacities and work to our customer's specific expectations.**

**We are a family owned business and take great pride in the fact that our success is directly related to the relationships that we build with our employees, customers and suppliers.**

**We are committed to providing quality construction to project specifications in a timely manner. We work diligently to honor our commitments to integrity, quality, relationships, and our people.**

**The ownership of McClam and Associates has over 40 years of experience in the construction industry. Our Project Managers and Superintendents have an average of 20 plus years of experience. Our office staff is a well qualified group able to perform legal and administrative tasks as necessary.**

**We are an Equal Opportunity Employer and remain committed to maintain a Drug-Free workplace with rigorous Safety Standards.**

**McClam & Associates, Inc. has constructed hundreds of water, sewer, storm drain and grading projects throughout Central South Carolina and have extensive knowledge of all aspects of the requirement to complete any project on schedule and within budget.**

Sincerely,

**McClam & Associates, Inc.**
